FISCAL ANALYSIS

ASSUMPTION

Officials from the **City of Hannibal**, **City of Springfield**, and **Platte County** each assume this proposal would have no substantial fiscal impact on their political subdivisions.

Officials from the **Department of Natural Resources (DNR)** state they are not considered a city, town, village or county. Therefore, it would not have to take ownership of abandoned cemeteries.

DNR states they do own three cemeteries, which are designated as historic sites and some of the other parks and historic sites do have cemeteries within their boundaries. However, all of these cemeteries are maintained by the Division of State Parks and are not considered abandoned. Therefore, this legislation would not result in any fiscal impact for DNR.

In response to similar legislation from last year, officials of the **Department of Economic Development - Division of Professional Registration** stated that the proposal would not affect that agency.

Oversight notes that costs to political subdivisions would only be incurred in cases where a subdivision would try to reclaim a grave. There are no provisions requiring this.

<u>FISCAL IMPACT - State Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004

<u>FISCAL IMPACT - Local Government</u>	FY 2002 (10 Mo.)	FY 2003	FY 2004

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

L.R. NO. 1086-01
BILL NO. Truly Agreed to and Finally Passed HB 408
PAGE 3 OF 3
May 22, 2001

DESCRIPTION

This proposal allows the conveyance of cemetery property, other than ground in which human remains have been buried, back to a county, city, town, or village after 50 years if the grave site or property is unused or unclaimed. The political subdivision must give proper notice of proceedings to transfer ownership.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space. This proposal would not affect Total State Revenue.
